**Room numbers: One accessible room**

### **Parking:**

There are no designated accessible parking bays, but there are many parks and one under cover beside the accessible room. Outside reception there is an undercover drop-off area, but there is no undercover access over to the accessible room.

### **Entry into reception**

Entry into reception is through a sliding door which measures 1090mm wide which has one step. There is a portable ramp which can be used for this step, the dining room or the laundry if necessary. Just let the management know. The reception desk does not have a lowered section for wheel chair users, but staff are very friendly and will assist where necessary.

## Access to public areas

There is level entry into the pool area, but there isn't much room or any special access for a person using a wheelchair to get into the water. Some visitors may need assistance reaching the pool gate latch.

“Silks”, the restaurant which is open for breakfast and dinner is beside the pool and has a large table with many chairs around it. The door into the restaurant is a sliding door measuring 1110mm wide. It has one step, but the portable ramp may be used. (photo of ramp is at the end of brochure)

## Accommodation:

The accessible guest room is located across the car park from reception. Access into the room is up a short ramp with no sill, the door width is 846mm clear opening. The door is light and easy to open with a round door knob and no force is required to open the door.

The bedroom is configured with a double bed and a single bed. Under bed clearance is 100mm and the height to the top of mattress is 530 mm. There is only 763mm clear space at the widest clearance, but the furniture could be moved if necessary.

There is a writing desk provided with a height to the top of the desk at 755mm and a clear height from the floor under the desk of 722mm. There is a small bar fridge provided for use. The room is equipped with ceiling fan with a control beside the bed. Light switches are positioned 1250mm from the floor.

## Sanitary Facilities:

Entry into the accessible shower and toilet is through a 850mm clear opening door which has a slight ramp as shown below.

The facility is a combined toilet and shower with a dimension of 2380mm long by 2270mm wide. There is an adjustable portable shower chair with no back provided (photo at end) and there are also plastic patio chairs which can be used. The shower has two horizontal grab rails which are 810mm from the ground. There is a fixed shower and also a rose that is adjustable with flick mix tap.

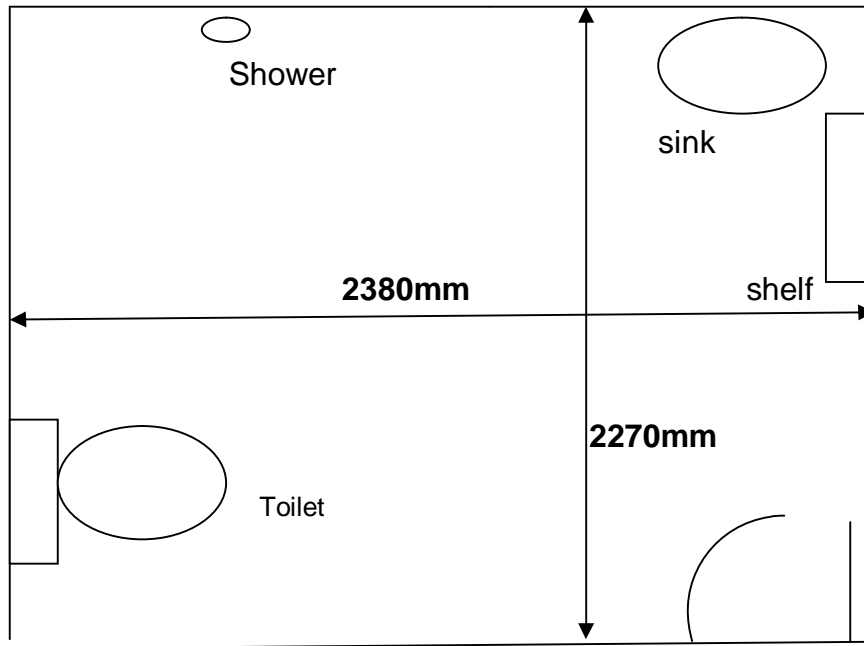

A grab rail is fitted beside the toilet and is mounted 810mm from the floor to top of rail. The height from the floor to the top of the pan seat is 455mm and 590mm from wall to centre of seat. It is a large square room with plenty of room.

The height to the top of the sink is 830mm with the clearance to the under side of the sink is 675mm, the sink is fitted with a flick mix tap.

No emergency call button provided in the shower and toilet.
